PTBULLEA08 -Playcraft Bull Run 8' Pool Slate table,Leather

Congratulations on selecting a Rio Grande slate pool table - part of the Fairfield Collection by Playcraft. Please contact us via email at support@playcraft.com should you require any assistance.

Please carefully read all safety instructions and directions before proceeding

- 1) Your table is designed for use indoors in a climate controlled environment only. Damage can occur if the table is exposed to water, dampness, high humidity, freezing temperatures, etc.
- 2) Professional assembly is strongly recommended. This assembly manual is intended to guide an experienced slate pool table installer with the assembly process of this specific cabinet. It does not guide on setting the slate or attaching the billiard cloth for which the process is the same regardless of the cabinet type.
- 2) The pool table cabinet and slate are extremely heavy. Two or more people are required for assembly.
- 3) The table must be assembled in the final location where the table will be played. Attempting to move the table once assembled could result in damage to the table or serious injury.
- 5) Only use the table for its intended purpose.
- 6) Damaged or worn parts may be dangerous for users and the integrity of the table. Replace worn or damaged components immediately and do not use the table until any issues have been resolved. For best results, use only spare parts supplied by Playcraft.
- 7) Unauthorized repairs or altering the table's design or functions may be dangerous and will void the warranty.
- 8) Check all screws, bolts, etc. on a regular basis to ensure that they are in good working condition and have not loosened over time.
- 9) Over time, pool tables may require releveling. This is considered normal maintenance as required with owning a slate pool table
